

Pipet Tip Box & Insert Recycling Program

Your effort supports U-M's waste reduction goal:

Reduce landfill waste by 40% by 2025

Easily recycle empty pipet tip boxes and inserts of **ANY BRAND—for FREE!**

1. Collect a prepaid shipping box from your building's loading dock. If supplies run out or your location isn't near one of the docks listed below, email sustainable-labs@umich.edu to request a box.
2. Place decontaminated #5 plastic boxes and inserts in the box.
3. When box is full call FedEx Ground or put box in pickup location on dock for FREE pickup.

WHERE TO FIND A BOX

Prepaid shipping boxes are located in the dock areas at:

Biomedical Science Research Building	Kinesiology Building
Brehm Tower	Mary Sue Coleman Hall
Chemistry Building	Medical Sciences Research Building
Dental Building	North Campus Research Complex

Boxes are recycled into pellets that are then used to make park benches and other items of a similar material.

This program is supported by the Office of Campus Sustainability and Fisher Scientific.
