

Paper Towel Composting

IN LABORATORIES

COMPLETE THE SUSTAINABLE LAB CERTIFICATION TO QUALIFY

CUSTODIAL WILL NOT SERVICE GREEN BINS

Ensure a lab member will empty the green bins into a standard compost bin.

STOP!

Consider this before using the green bin.

Paper towels may only be placed in the green bins if they were used just for hand washing AND they would normally go in the landfill bin.

Contact sustainable-labs@umich.edu if you are interested in participating
